The nine SOUNZWRITE guides commissioned by SOUNZ between 1997 and 1999 have been widely appreciated and are used by more than 300 high schools and other educational institutions. A revision of these resources has been undertaken to make them more useful within the NCEA assessment environment.

The resulting three volumes, one for each of NCEA Levels 1, 2 and 3, replace the previous nine guides. They feature the same range of works covering instrumental, orchestral and choral music by outstanding New Zealand composers.

Teacher notes in each book include:

- ideas about integrating activities across standards
- links to practice
- copymasters for students
- assessment schedules
- formative assessment activities
- extension activities.

The scores for all nine works can be purchased through SOUNZ. Discounts are available for multiple copies.

Recordings of all works in the series are also available for sale through SOUNZ on commercially released CDs.

For first time purchasers, SOUNZWRITE CDs for the three choral and three orchestral works may be provided with the NCEA Guides. Please enquire.
